Judge David Dowd Jr.

I am writing to you to enlighten you that I am very aware of the graves you and George Bush, the S.C. staff here at this prison along with secret service, and FBI, ATF are plotting to kill me by using your psychological, mental games. They will try to make it look to the public that I'm the bad guy or I'm seriously crazy etc... So, y'all can try to justify my demise. I'm letting you know that I am as ATTAKUTAHA be by my side. I fear no man in the physical form. I just want you to know I'm a step ahead of y'all plan and I was taught about the diabolical game plan of the government. I keep my EYES OPEN cause the streets is always talkin.. And I know what I know plus my EYES is on you at work, at your beautiful home.. everywhere you go, I want you to know. I'm there. see the things you do alone with George Bush and Prescious Becker. ATTAKUTAHA is good to me. Just want you to know I'm a step ahead of you.

I'll be right back after these messages.
